EDUCATION

**Bachelor of Science
(hons) in Computing**
University of Bolton (UK)
pending

**Graduate Diploma in
Software Engineering
(GDSE)**

**Institute of Software
Engineering (IJSE)-Galle**
2023 - 2025

G.C.E (A/L)
Central College - A/pura
Physical science(1C,2Ss)
2017 - 2019

G.C.E (O/L)
**Walisinghe harishchandra
college - A/pura**
(5As,1B,3Cs)
2011 - 2016

**British Way English
Academy**
Diploma in English
2017

IMBS Green Campus
Diploma in English
2021-2022

PROFILE

To apply my education, skills and strengths in a responsible and challenging career in the organization for the total benefit of my employer while achieving progression, satisfaction and goals in life.

PROJECTS

Logistics Management System

[Project-Repo](#)

MERN Stack

- Developed a full-stack web application for managing transport jobs, cargo loads, and fleet operations.
- Used Node.js, Express.js, MongoDB, and React for backend and frontend development.
- Built a responsive frontend using React and Tailwind CSS.
- Designed and tested RESTful APIs for smooth backend-frontend integration. (postman)
- Enabled features such as job creation, load assignment, and status tracking for efficient logistics management.

Guppy Zone

[Project-Repo](#)

Spring Boot

- Developed an online marketplace for aquarium enthusiasts using Java, HTML, CSS, JavaScript and MySQL.
- Designed a user-friendly UI/UX for customers and an admin dashboard for managing products and orders.
- Demo Video link : [Guppy Zone Project Demo Video](#)

EchoCart E-Commerce Platform

[Project-Repo](#)

Java EE

- Developed an e-commerce platform for managing products, categories, users, and orders with a clean, user-friendly interface. Designed a user-friendly UI/UX for customers and an admin dashboard for managing products and orders.

MedLink Hospital

HTML/CSS/PHP

- Developed a responsive web application for hospital management using HTML, CSS, PHP, and WAMP Server.
- Used MySQL (WAMP) to manage patient records, appointments, and staff details.
- Designed a user-friendly interfaces.

OPERATING SYSTEMS

- Ubuntu
- Windows

WISH TO LEARN

- IoT (Internet of Things)
- AWS and Azure
- Docker
- Angular(Learning)

SKILLS

- Java
- Python
- MySQL
- MongoDB
- React
- NodeJS
- ExpressJS
- TypeScript
- Tailwind CSS
- SpringBoot

IDE

- IntelliJ IDEA
- Android Studio
- Visual Studio Code

VCS

- Git
- Git Hub

API PLATFORMS, SERVERS, CLOUD COMPUTING

- Postman
- Apache Tomcat

LANGUAGE

- Sinhala (Native)
- English (Good)

PERSONALITY

- Self - Motivated
- Multi - Tasker
- Leadership
- Fast Learner

Strategic E-Commerce Growth Analysis

[Project-Repo](#)

Python(Group project)

- Led a comprehensive data analysis project using Python to drive strategic decision-making for a UK-based online retailer.
- Performed Exploratory Data Analysis (EDA) to uncover key temporal and geographic sales trends. Implemented an RFM (Recency, Frequency, Monetary) segmentation model to categorize the customer base, enabling the creation of targeted marketing and retention strategies. Integrated a currency exchange API to enrich data, providing a global perspective for future expansion. The project's findings and recommendations were compiled into a professional report.
- Technologies: Python (Pandas, Matplotlib, Seaborn), Jupyter Notebooks, CSV, RESTful APIs

Smart Parking Management System

[Project-Repo](#)

Micro-Service

- Developed a microservices-based parking management system using Spring Boot, REST APIs, and Eureka for service discovery.
- Secured services using JWT Bearer Token authentication for authorization and role-based access.

MyNotes

[Project-Repo](#)

React Native

- Developed a cross-platform mobile app for creating, editing, and deleting personal notes.
- Designed a simple and user-friendly interface for efficient note management and reminder.

PARTICIPATIONS

INNOVESTA'24

2024-March

- Gained experience in developing innovative concepts, teamwork and collaborative skills

CURRICULAR

IJSE-Student Committee- Vice Treasurer

2024-November

- Served as the Vice Treasurer,contributing to financial management, budgeting, and supporting the organization of curricular activities
